2nd October 2026

The Suffolk Fencing Company

The price for the full fence materials and labour comes in at £42,000 including VAT.

It's a very expensive style of fence. The materials are £27,000.

If I can call around and get some other prices, I'll let you know.

I'll have a think on alternative styles of fence to install. Maybe a flat-top panel. As I mentioned at the meeting the timber post and rail wouldn't be good enough for small children or even teenagers as it can cause splinters, break and if one pops loose you have nails or screws on show. It would be significantly cheaper but wouldn't be worth installing for the longevity and it not being safe for this area.
